DIRECTORS' REPORT

Your directors present their report on the consolidated entity consisting of Azure Minerals Limited and the entities it controlled ("Azure" or "the Group") at the end of, or during, the half-year ended 31 December 2016.

1. General information

Directors

The following persons were directors of Azure Minerals Limited during all or part of the half-year as indicated below, and up to the date of this report:

Peter Ingram Anthony Rovira Wolf Martinick

2. Project Reviw

Alacran Project

During the period, Azure completed US\$5 million aggregate expenditure on the Alacrán Project and delivered notice to Minera Teck S.A. de C.V., a subsidiary of Teck Resources Limited ("Teck") that it had achieved this milestone. Pursuant to the terms of the Alacrán Option/Shareholders agreement signed in December 2014 Azure now holds a 100% legal and beneficial interest in the project.

Subsequent to this milestone, late in December 2016, Teck advised Azure that it had exercised its right to earn back an ownership interest in the project. Teck may re-acquire a 51% interest in the Project by sole funding US\$10 million in expenditures on the Project over the next 4 years and making cash payments to Azure of US\$0.5 million.

During the earn-in phase, Teck will be project operator and will direct all exploration activity.

Pursuant to the terms of the Agreement, this US\$10 million expenditure is to be made in accordance with the following schedule:

On or Before: Cumulative Aggregate Work Expenditures (US\$)

First anniversary of Notice \$2,000,000 Second anniversary of Notice \$4,000,000 Fourth anniversary of Notice \$10,000,000

Additionally, upon reaching its 51% interest, Teck may further increase its interest to 65% by sole funding an additional US\$5 million of expenditure within two years and making cash payments of US\$1.5 million to Azure.

The specific work program for 2017 is yet to be finalised however it will include minimum expenditure of US\$2,000,000 million in the first year in order for Teck to retain its back-in right.

Promontorio Project

In early January 2017, Kennecott Exploration Mexico SA de CV ("Kennecott") advised that it had elected not to complete the Stage 2 commitments of the Earn in and Joint Venture Agreement required to earn a 51% interest in the Project.

Kennecott, part of the Rio Tinto Group, had conducted exploration programs over Promontorio since early 2015, with total expenditure of approximately US\$4.0 million. While the results of these programs confirmed the prospectivity of Promontorio, including the presence of a copper mineralised porphyry system, Azure understands they don't meet the requirements of the Rio Tinto Group to progress with further exploration activity.

Following Kennecott's decision to withdraw, Azure has received expressions of interest from several major mining companies to become involved in the Project. Discussions are progressing, with a number of parties currently conducting due diligence.

New Projects

Consistent with the strategy of leveraging our technical and exploration abilities, and with a strong cash balance, Azure is conducting due diligence on several precious and base metal project opportunities in Mexico and in other jurisdictions.

3. Review of Operations and Results

The operating loss after income tax of the Group for the period was \$4,822,041 (2015: \$3,031,544). Included in this loss figure is \$4,642,469 (2015: \$2,460,352) of exploration expenditure written off.

Net cash outflows from operating activities for the period were \$4,988,786 (2015: \$2,368,359).

4. Other items

Significant Changes in State of Affairs

During the financial period the Group raised \$7,339,880 (after expenses) through the issue of 207,993,950 shares issued at \$0.038 each.

No other significant changes in the Group's state of affairs occurred during the reporting period.

Changes in Controlled Entity

There have been no changes in controlled entities during the half-year.

5. Auditor's Independence Declaration

A copy of the auditor's independence declaration, as required under section 307C of the Corporations Act 2001, is set out on page 15.

This report is made in accordance with a resolution of the Board of Directors:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE HALF YEAR ENDED 31 DECEMBER 2016

Basis of Preparation of Half-Year Financial Statements

These general purpose financial statements for the half-year ended 31 December 2016 have been prepared in accordance with Accounting Standard AASB 134: *Interim Financial Reporting* and *the Corporations Act* 2001.

These half year financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements should be read in conjunction with the Annual Report for the year ended 30 June 2016 and public announcements made by Azure Minerals Limited during the interim reporting period in accordance with the continuous disclosure obligations arising under the *Corporations Act 2001*.

The accounting policies and methods of computation in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Group's annual financial statements for the year ended 30 June 2016 and the corresponding half year interim reporting period.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

New and amended standards adopted by the entity

A number of new or amended standards became applicable for the current reporting period, however, the Group did not have to change its accounting policies or make retrospective adjustments as a result of adopting these standards. There may be some changes to the disclosures in the 30 June 2017 annual report as a consequence of these amendments.

Impact of standards issued but not yet applied by the entity

There were no new standards issued since 30 June 2016 that have been applied by the Group. The 30 June 2016 annual report disclosed that the Group anticipated no material impacts (amounts recognised and/or disclosed) arising from initial application of those standards issued but not yet applied at that date, and this remains the assessment as at 31 December 2016.

NOTE 2 DIVIDENDS

No dividends have been paid or provided for in the half-year.

NOTE 3 OPERATING SEGMENTS

The Group currently does not have production and is only involved in exploration. As a consequence, activities in the operating segments are identified by management based on the manner in which resources are allocated, the nature of the resources provided and the identity of service line manager and country of expenditure. Discrete financial information about each of these areas is reported to the executive management team on a monthly basis.

Based on this criterion, management has determined that the Group has one operating segment being mineral exploration in Mexico. As the Group is focused on mineral exploration, the Board monitors the company based on actual versus budgeted exploration expenditure incurred by area of interest. These areas of interest meet aggregating criteria and are aggregated into one reporting sector. This internal reporting framework is the most relevant to assist the Board with making decisions regarding the Group and its ongoing exploration activities, while also taking into consideration the results of exploration work that has been performed to date.

NOTE 6 RECEIVABLES

The Group has recorded trade and other receivables of \$963,551. Included in this total is an amount of \$581,510 attributable to Minera Azure C.A. de C.V. ("MA") a 100% owned, Mexican incorporated subsidiary of the Company which is in dispute with Mexican tax authorities. This amount relates to a claim made by MA for the refund of IVA paid (the Mexican equivalent of GST). Mexican tax authorities initially declined the claim after which MA initiated court proceedings to recover the full amount. The court provided a decision in favour of MA, however, the Mexican tax authority has appealed the decision. The Company is confident the appeal will be dismissed with a ruling expected in April 2017.

NOTE 14 EVENTS AFTER THE REPORTING DATE

Since the end of the financial period a bonus of \$81,000 was paid to Mr. A Rovira (Managing Director) and a bonus of \$41,310 paid to Mr. B Dickson (Company Secretary).

No other matter or circumstance has arisen since the end of the financial period which significantly affected or may significantly affect the operation of the Group, the results of those operations or the state of affairs of the Group in subsequent financial periods.

NOTE 15 FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS

The following table provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value, grouped into levels 1 to 3 based on the degree to which the fair value is observable.

- Level 1 the fair value is calculated using quoted market prices in active markets.
- Level 2 the fair value is estimated using inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices).
- Level 3 the fair value is estimated using inputs for the asset or liability that are not based on observable market data.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Azure Minerals Limited

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Azure Minerals Limited, which comprises the consolidated statement of financial position as at 31 December 2016, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, notes comprising a statement of accounting policies and other explanatory information, and the directors' declaration of the consolidated entity comprising the company and the entities it controlled at the half-year's end or from time to time during the half-year.

Directors' Responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2016 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Azure Minerals Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001. We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of Azure Minerals Limited, would be in the same terms if given to the directors as at the time of this auditor's review report.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Azure Minerals Limited is not in accordance with the Corporations Act 2001 including:

- (i) Giving a true and fair view of the consolidated entity's financial position as at 31 December 2016 and of its performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 Interim Financial Reporting and Corporations Regulations 2001.
